## ***“BREAKTHROUGH POWER”***

*”How Quantum-Leap New Energy Inventions  
Can Transform Our World”*

**With Author and President of  
‘New Energy Movement’**

**Joel Garbon**

Get a behind-the-scenes look at the world of Visionary Inventors and Brave Scientists who are on the Frontier of remarkable New Clean Energy Technologies. Based on personal experiences with these Pioneers and the New Energy Field, the co-author of **BREAKTHROUGH POWER** examines the staunch resistance of powerful entrenched vested interests to Game-Changing Energy Innovations and appeals for Grassroots Activism and a “Tidal Wave of Wisdom” to collectively usher in a New Energy Era!

**Joel Garbon** is an industrial science consultant and president of the grassroots nonprofit New Energy Movement [www.NewEnergyMovement.org](http://www.NewEnergyMovement.org). He is co-author with Jeane Manning of the new book **Breakthrough Power: How Quantum-Leap New Energy Inventions Can Transform Our World** [www.BreakthroughPower.net](http://www.BreakthroughPower.net) advocating evolution in energy technology and human consciousness.
